Former Maysville Man Passes Away  
in Boston Saturday Last

The death is announced at Boston of the famous insurance man, William S. Smith, First Deputy Commissioner of the Kentucky State Insurance Department.

Mr. Smith was a former resident of Maysville and is remembered by many of the older citizens of the city.

He was at one time a prominent school teacher here and was a brother of the late Prof. Martin H. Smith, Principal of the Maysville Institute, a school located years ago in Fifth street.

Deceased left here some thirty years ago, going direct to Boston, where he soon became the head of the Massachusetts Insurance Bureau.

Dr. Harover has moved his office to Suite 7, First National Bank Building.

#### THE CLIMAX.

"The Climax," a three-act comedy drama by Edward Locke, is scheduled to appear at the Washington Theater Thursday night. The piece has been produced by Joseph M. Weber, and is said to be an attraction that is really worth while. It comes with the ear marks of success, having made a most emphatic hit at Weber's Theater, New York. Its author is a young American with fresh ideas, and it is said he has supplied his offering with new timber. The story has been told in a straightforward way and has made a strong hit for first place by reason of its simplicity. Love and ambition, gentle intrigue, pathos and humor are dominating notes in an unassuming tale of three people with the artistic temperament and one person contrarily endowed.

# SCHOOL DAYS.

The doors are swinging open—is the little woman ready to enter? School clothes are as necessary as school books—clothes that are comfortable, suitable, serviceable. Have you investigated the remarkable bargains we're giving in plaid goods? Reductions are decisive, and with the exception of three pieces that are slightly wrinkled, as described below, the goods are reduced in spite of their merit, and not because of any imperfection:

### 50c Yard for \$1 Grade

Plaid Serge 44 inches wide in rich dark colors and heavy firm weave to withstand hard usage. Generous assortment.

### 39c Yard for 90c Grade

Gray, and tan wool Crepe of firm finish and splendid wearing quality. Solid color, but as bargains deserving place with the plaids.

### Checks and Plaids

A big assortment, chiefly light colors, in splendid wool fabrics that are reduced as follows: The 50c grade 25c. The 60c grade 39c. The \$1.25 grade 75c.

## DAUGHTER'S TRAP

Revenue Agent H. C. Herndon Walks Into Elevator Shaft in Dodson Building

Yesterday morning about 10 o'clock Revenue Agent H. C. Herndon met with a serious and painful accident, and that he was not killed outright is a miracle.

He was on his way to inspect the cigar manufactory of John T. Smith, located on the second floor in the Dodson Building in East Second street.

The door on the second landing leading into the cigar factory, as well as the one entering the elevator shaft, are side by side, and misleading to those not perfectly familiar with the surroundings.

From the fact that no one was in the establishment at the time, and the door being locked, it is readily understood how he evidently opened the elevator door and stepped forward into the well shaft, thinking it was the cigar factory door.

The man's fall was the distance of three floors, and that he escaped instant death and that no bones were broken is a marvel.

Fortunately his mishap was soon discovered, and when found in the cellar pit he was in a semi-conscious condition.

He was placed on a stretcher and removed to Wilson Hospital, where he is being carefully and properly cared for.

Reports from his bedside this morning are that he is getting along nicely.

Mr. Herndon is married and, together with his wife, resides in Ashland.

February 22d, 1904, Mr. Charles A. White met with a similar accident, at the same place, which finally resulted in his death.

## M. E. CONFERENCE

Annual Meeting Commences Shortly at Third Street Church

The Kentucky Annual Conference of the Methodist Episcopal Church will convene at the Third Street Methodist Episcopal Church, this city, a week from next Wednesday, September 22d.

Extensive preparations are under way for the entertainment of the visiting Ministers. The homes of our best people, irrespective of denomination, are being volunteered for the entertainment of Preachers. There will be about one hundred Ministers in attendance, besides many lay visitors.

The Conference will be presided over by Bishop Luther E. Wilson, one of the leading Bishops of the Methodist Church. He is also President of the National Anti-Saloon League.

The business sessions will be held in the mornings and afternoons and are open to all visitors.

Each evening will be taken up with an anniversary service in the interest of some part of the Church work, such as Sunday-schools, Church Extension, Education, etc., at which services leading Church officers will speak, thus affording our people an excellent opportunity to hear these great men.

On Conference Sunday practically all Protestant pulpits in the city will be occupied by visiting Methodist Ministers. This is the usual custom whenever a Methodist Conference is held and speaks well for the brotherly spirit existing among the various denominations.

Dinner will be served in the Sunday-school rooms of the Church each day but Sunday to all visiting Ministers. This is expected to prove one of the most delightful features, socially speaking, of the Conference, as it gives all the visitors the privilege of sitting at the same table together once a day.

The busiest man in town at present is Rev. F. W. Harrop, the popular Pastor of the Third Street Church, who is leaving nothing undone to make this one of the best Conferences in every respect that has ever been held in Kentucky, and any one who knows him knows he is capable of doing that very thing. The membership of the Church is rallying loyally to his support and will do their best to sustain Maysville's reputation for hospitality.

The Conference will be the biggest event in Church circles of the year, and is sure to be a blessing to Church work throughout the city and surrounding country.

# Girls Who Work

are especially exposed to the dangers of female organic disorders. Lydia E. Pinkham's Vegetable Compound has enabled thousands of girls to hold their positions.

Read what this girl says:

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am well."—Emma Draper.

And this girl:

Indianapolis, Ind.—"I suffered from a severe female weakness and got so bad that I believe I would have died if I had not obtained relief soon. One doctor said nothing would cure me but an operation.

"My aunt advised me to try Lydia E. Pinkham's Vegetable Compound as it had done so much good for her. I did and found it to be the right medicine to cure female troubles and build up the system, and I am now in better health than I ever expected to be."—Bessie V. Piper, 29 S. Addison St., Indianapolis, Ind.

Is it not reasonable to suppose that a medicine that did so much for these girls will do the same for any other girl who is suffering with the same troubles?

These testimonial letters are the genuine and truthful statements from honest people.

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there is lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

It is with pleasure we note the success of Mr. W. C. Coryell, former Principal of the Maysville High School.

After a three days' examination, which included every branch taught in the City School, before the Cincinnati Board of Examiners, Mr. Coryell is the first applicant to receive an appointment.

He left Monday afternoon to go to work Tuesday morning as general substitute teacher in Cincinnati.

The fact that Mr. Coryell is a Coill-ge man gave him preferment, for the Cincinnati Schools appreciate the dignity of an A. B. in their Faculty, but we are sure a closer association with this manly young Kentuckian will prove they have chosen well.

FROM VIEWPOINT

Of the Scientist—Discovery of the Pole Will Stop Wellman and Other Fakers

Rear Admiral George W. Melville of Philadelphia, retired, who conducted several expeditions into the Arctic region, when asked what would be the value of the discovery if the report that Cook had discovered the North Pole was confirmed, said:

"For one thing it would put an end to the Arctic fad."

"The only use to which the discovery could be put would be of a scientific nature. If the exact place of the pole has been located it will be possible to send a party of scientists there and by erecting a pendulum and measuring its movement and later removing the same pendulum to the equator for the similar measurement, the exact weight of the earth could be computed."

"The attraction of the earth to heavenly bodies and vice versa would also be thereby determined."

DECREASE

In Passenger Receipts, But Freight Earnings Jumped Way Up

Although the gross revenues of the C. and O. for the fiscal year ended June 30th were the largest in the history of the Company, the annual report just issued by President George W. Stevens shows a decrease of 12.5% in receipts from passenger traffic.

There was, however, an increase of \$1,313,902.04, or 6.7%, in freight revenues, which largely accounts for the improved financial record.

Since the C. and O. has passed into what is known as the Hawley Syndicate the dividends have been lifted from a 1 to 4% basis, with a correspondingly high advance in stock values.

It is said to be only a question of time before the Company will be operating through trains from Ft. Monroe to Chicago.

Railroad men and financiers regard the property as one of the best in the country. The increase in total operations revenue is \$787,445.51, as compared with the preceding year. During the same period the operating expenses decreased \$819,909.22, leaving an increase of \$1,607,354.73 in net operating revenues.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.
